COMPANY OVERVIEW

A strong and cohesive workforce is the key to a successful organization. Your agency deserves evidence-based assessments, training, and leadership development that ensures a flourishing work environment. Employees are more likely to be retained when they believe the establishment is investing in them. Talee Global is in the business of people. We offer cutting edge services to meet the organizational needs of your agency. Talee Global has expertise in workplace wellbeing, leadership development, change management, burnout prevention, diversity, equity, inclusion, and belonging (DEIB), and health equity. We offer personalized consultative services including workplace culture assessments, DEI audits, as well as solutions which include customizing strategic pathways that align with the agency's vision, mission, and values, providing relevant and engaging training/workshops, keynotes, or executive coaching. Talee Global's approach is culturally informed, evidence-based, and rooted in the science of organizational and human psychology.
